

ISOCGER

Parents

We are getting numerous questions associated with isoccer. I am going to answer these questions as well as provide insight into the program. Please take a look at the following demo videos that will better explain what is the programs purpose.

QUESTION. Is there a cost to Isoccer?

Isoccer is an investment by FC Pride in each of its players and as a member of FC Pride you will receive a competitive subscription package. Each coach will have a team package. There is no cost passed on to the player for the service.

QUESTION Is ISOCGER mandatory?

Isoccer will be implemented in to the coaching of each player and each team. Every player will be included u9 through u18 in the assessment 3 times a year. The rest is up to the coach of the team how much they use the system but either way the player will still be able to utilize many of the self training functions.

QUESTION Is ISOCGER for goalkeepers? Isoccer will provide assessment in soccer specific activities and as long as the goalkeeper will pass dribble strike a soccer ball then he/she will still have great benefit in committing to the program along with their own individualized training at that specific position.

QUESTION What if I havent received the link or the information is wrong in the database? It inevitably was a big task to upload all the kids info in to the system. We are working through the errors and you may receive multiple links to come register until we get everyone signed up in the system. Please be patient. Once you are in the system you can disregard the register link.

You may also get messages that get labeled DOC and the name Scott Leber or Matt Blackbourne. Scott is the founder of isoccer, I am administrator for the club. Do not respond back to Scott with any emails.

As our coaches become familiar with the software you should direct all questions through them.

Best Regards

Matt Blackbourne
